

VIÑA MARTY
PACHA
Carmenère 2018

Pacha in local language means “**Earth**” or “**World**”, a concept closely related to nature and our interaction with it, often referred as the Pacha Mama (Mother Earth).

Our grapes grow right in front of the **Andes mountain range**. These exceptional landscapes and strong nature give our wines **great vitality and energy**. We aim to transfer this character creating a beautiful connection between origins of grapes and the wine in your glass.

Pacha wines are created with passion and excellence, with a distinctive character that makes them unique. They are a **perfect balance** between old **French tradition**, soil’s typicity and **new world styles**.

About the vintage

2018 : With average temperatures and rains well situated, the excellent sanitary conditions has allowed very good yield. It has helped to obtain mature wines, with great potential and complexity. Harvest in our vineyards with red varieties was completed until 15 of may. In the Central Valley , especially Colchagua, a small delay favoured the evolution of ripening and resulted in grapes with better acidity, better colour, and better concentration, than in normal years.

Tasting notes

Colour : Deep ruby red with purple hues.

Nose : Different layers of aromas gives a unique complexity. Sweet fruity flavours of black fruits such as cherries, blackberries, and dried prunes are predominant at the beginning. A subtle hint of vanilla, cloves, and mocha, are perfectly combined in the palate, enhancing the complexity of this beautiful and pleasant Carmenère.

Palate : A full-bodied wine, with a great structure, a balanced acidity, round and silky tannins, it is ready to drink now or perfectly suitable for cellaring. Long finish, full of black fruits flavours, and a peppery hint at the end, reminds you that this is a true example of a well-crafted Chilean Carmenère

Wine profile

Varietal : Carmenère

Vintage : 2018

D.O. : Central valley : It is the heartland of the Chilean wine industry that holds all of Chile’s major producers, wine regions and vineyards. A wide variety of wine styles can be found in this large area, from many different terroirs. They range from the best known northern Maipo, to the older, more-established vineyards of Maule; from the coastal plains of western Colchagua to the Andean foothills of Puente Alto.

Harvest : By hand

Farming : Sustainable

Vine per ha : 6.000 /ha.

Yield : 10 ton/ha

Winemaking : Traditional in stainless steel tanks with an average length of 8-12 days, and temperatures about 24-26°C.

Ageing : 6 months in used French barrels

Alcohol : 13.5%
