About the vintage

2018 : With average temperatures and rains well situated, the excellent sanitary conditions has allowed very good yield. It has helped to obtain mature wines, with great potential and complexity. Harvest in our vineyards with red varieties was completed until 15 of may. In the Central Valley , especially Colchagua, a small delay favoured the evolution of ripening and resulted in grapes with better acidity, better colour, and better concentration, than in normal years.

Tasting notes

Colour : Deep ruby red with purple tones

Nose : Intense and perfumed, fresh ripe blackberries are dominant on the nose showing its youth combined with mineral notes as well.

Palate : With silky and soft tannins, our merlot has been made very easy drinking style. Being fruit dominant, all the berries flavours found here are well balanced with a refreshing acidity, a hint of minerality, and holding well together until the end.
